Safety Training Courses by SafeSchools.com**

Instructions for SafeSchools.Com Online Safety Training

Hello North Mason School District Staff!

Much of the training that we're required to complete this year is available online for all North Mason staff. Follow these simple steps below to complete your safety training requirements:

How to log on to the online training program:

1. Using your web browser, go to the web page <http://nmsd.wa.safeschools.com>. (No "www" is necessary.) For some people this address has not worked. If it does not go to www.nmsd.wa.safeschools.com/login
2. To access your assigned training, enter your username, which follows the following format: **first initial of first name followed by last name**
EXAMPLE: **John Smith**
*Username: **jsmith***
3. Select any course by simply clicking on the name of the course. The courses have audio so turn up your speakers if you wish to hear the narration. Complete all the training scenarios and the assessment to receive completion credit for the course. You will have the option to print out a Certification of Completion once you complete the course if you would like it for your records. We do not, however, need a copy for your files here.
4. All mandatory trainings need to be completed.

If you have any questions or problems with the site, please contact:
