

North Mason School District Transportation Release of Responsibility

It is the procedure of the North Mason School District #403 that kindergarten students being transported between school and home have a responsible person at home to receive the child. In the event there is no responsible person in attendance at the home, the student will be returned to the school. The parent/guardian will then be responsible for picking up his/her child.

It is not recommended, implied or otherwise, that kindergarten students are capable of attending to their own needs for extended periods of time. However, it is up to the parent/guardian to decide the level of maturity of their child. If the parent/guardian isn't home, the child should be trained in what steps to take: go to a neighbor's house, etc. If the parent/guardian feels their child is capable of this level of decision making, then this form should be filled out, signed, and returned to the North Mason School District Transportation Office as soon as possible.
