

To our Levy Committee **Friends,**

A sure measure of the strength of a school district is the support of its community. In our community each of you has given of your time, talent, and insight to deliberate issues on the outcome of which depends on the resources that will empower our students to learn and excel and our teachers to know their community has their back. Our board is grateful for your unflagging support and dedicated service to the staff, students and teachers of the North Mason School District. Well Done!

THANK YOU!

On behalf of the NMSB

John Campbell
